

## Local charity partner application form

At Digby Brown we care for today and the future – this is why we are proud to support communities as we strive to find new ways to give back via our local charity partnerships.

Our people aren't just happy to help good causes... they are passionate about it... they know it matters... and over the years we have helped initiatives around homelessness, mental health, animal welfare, combating poverty and childcare (to name but a few).

If a partnership with Digby Brown is something you are considering then please complete the attached form and return it to **kirsten.smith@digbybrown.co.uk** – just be mindful that to become a local charity partner we are currently accepting applications from organisations operating locally to one of our seven offices with an income of **less than £950,000 per annum**.
